

## ZIGZAG

Konstantin Grcic,

The shelf's zig-zag shaped structure is simple and fresh; the color palette for the metal work - black, white, bronze and polished stainless steel - is complemented by two kinds of wooden shelves, oak and american walnut. The clip-on bookends are available in matching colours to all other metal parts or veneered in the same woods as the shelves. An additional, fluorescent orange colour enrich the bookends proposal. Zigzag comes in two heights and is assembled without any tools.

Structure and shelves in steel finished with epoxy paint in black. Bookends (not included in the price) in sheet metal steel finished with epoxy paint available in the following colors: white, black, fluorescent orange, bronze, stainless steel polished to a mirror finish.
