

LEEON SOFT

Ludovica + Roberto Palomba,

Design has recently begun to reread the last 80s, a period full of hedonistic sings. Ludovica and Roberto Palomba embrace this input in a collection that combines some of this aesthetic hallmarks as straight cast-aluminum structure (here elegantly painted) and damier decoration. The result is an extended project, meant to be used both in private and public areas.

Cold-foamed flexible polyurethane backrest with metal inserts. Feet in polished cast aluminum or in cast aluminum painted in bronzed pewter color. Solid fir wood seat with elastic belts. Removable seat cushions for the sofa, fixed cushions for the daybed and the bench both made of polyurethane foam and resin. Removable quilted cover in fabric or leather. Indoor use only.
