

## URAGANO

Ludovica e Roberto Palomba,

"A hurricane is on its way.....a dynamic shadow is moving over the earth, announcing a change where the weave becomes embellishment." Designed by Ludovica and Roberto Palomba, a family of rugs in knotted himalayan wool featuring modified colour densities made possible by using the hand-loomed technique. Two colour options are available: pink-sky blue and black-white.

Hand-woven made with loom in cotton and himalayan wool.
