

DIDYMOS

Antonia Astori,

In a table, oval means perfect: no edge, no head of the table, no "odd" diner and, above all, a form expanded in space. Antonia Astori balance then the top elegant simplicity with a sculptural base made of a malleable as contemporary material.

Sculptural base in Crystalplant. Marble tops 20 mm. thick in glossy black Marquina with a shaped edge. 30 mm thick wooden particles tops covered with white or black bilaminate. Indoor use only.
