

SOIREE

Oscar e Gabriele Buratti,

The theme of the classic, soft, fabric-covered, padded chair made of a single material is interpreted here in an exceptionally elegant, accurately finished design. Whether dressed in fabric or leather, always ready for a great soiree, the particular proportions and curve of its backrest reveal its contemporary attitude. This chair is designed both for private dining at home and for public places such as restaurants and hotels. Its strong personality and iconic appeal are conveyed by sophisticated, contrasting stitching.

Chair in flexible medium density polyurethane with structural metal insert and elastic belt in the seat and back for maximum comfort. Fix leather or removable fabric cover, decorative stitching on legs and back and nylon feet. Indoor use only.
