

KISS ME

Nika Zupanc

Melt Me is a collection of lacquered ceramic objects created by designer Nika Zupanc for Driade. The inspiration comes from pop culture, both aesthetically and symbolically, and from the idea of freezing a beautiful moment of fusion in an iconic way, almost as if it were a pictogram. In Nika Zupanc's work, art—film, music, and literature—becomes a source of inspiration for developing original and surprising projects with a feminine, poetic character, yet a strong and absolutely recognizable aesthetic.
