

WIREFLOW

Michel Rojkind

SKU: D00083B150

We designed the Wireflow chaise longue by creating a soft and flexible shell, evoking simple, fluid lines with a focus on ergonomics and comfort. The metal frame's design intentionally creates a continuous organic geometry that flows along a path similar to the energy flowing throughout the body. The leather stitching reflects the surface's isocurves, digitally represented in the high-quality handcrafted stitching. The inspiration comes from the concept of subtle movement that unfolds over time. The design expresses simplicity, dynamism, lightness, and continuity.
