

IPERCUBO

De Pas, D'Urbino, Lomazzi

SKU: D91168A700

reissue of the original version launched by Driade in 1972, the Ipercubo armchair is a timelessly contemporary piece of furniture. Born from the idea of creating a seat of incredible simplicity, clean lines, yet comfortable and enveloping, Ipercubo's comfort contrasts with its solid geometric shape. The visual perception is that of a rigid seat, yet it is surprisingly welcoming and soft. Another unexpected effect is the slight hollowing, produced by the weight of the sitter, which causes the sides of the armchair to become two comfortable armrests.
