

FAB

Färg and Blanche

A tribute to experimentation and tradition, the FAB Chair reinterprets Shaker chairs with a contemporary language. Crafted from solid wood with tailored details, it showcases artisanal quality through a simple and refined structure. Customization is a distinctive feature: the upholstery is interchangeable, allowing the chair's appearance to be transformed over time. The name FAB evokes both the designers and the idea of fabulous, emphasizing the ability to reinvent itself. A project that fully reflects the Driade spirit: tradition, innovation, and attention to detail in perfect balance.
